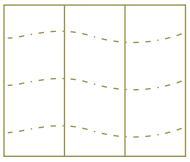
STANDARD TOLERANCE

Please note that our standard tolerance for blind width and blind drop is +/- 5mm.
If the blind is made within our tolerance range, no claim will be accepted.

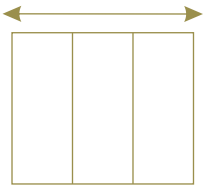
FABRIC PATTERNS

For a patterned fabric, the pattern grain won't usually line up perfectly with the horizontal or vertical edge of the blind. Expect to see a variation from one side to the other.



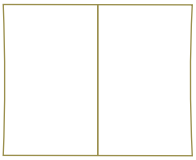
OVERALL MEASUREMENTS

It will be assumed that all the provided sizes will be subject to factory deduction.
(unless otherwise specified on the order)



CUPPING

Blockout fabrics can show some cupping on the vertical edge.



GENERAL MAINTENANCE

STAIN REMOVAL:
To remove, sponge blind clean with a damp cloth.
Use diluted washing liquid in warm water & avoid rubbing the stain.
Do not immerse blinds in water.
